

Progress Reporting Information

Student progress is reported on a quarterly basis in the Mascoma Valley Regional School District. All reporting is completed digitally. Parents can access report cards, progress reports, and other information in the *Plus Portals* app.

Additional information to help families understand report cards is readily available.

Please contact teachers at Indian River or at Mascoma Valley Regional High School for syllabi.

The Enfield Village School and Canaan Elementary School rubrics are included in this section. The rubrics will explain what skills are expected of students at each grade level.
